## Description

Interns are assigned to work alongside our Ornamental Horticulturalist at the UT Gardens in Jackson, TN located on the grounds of the West Tennessee AgResearch & Education Center, at 605 Airways Blvd, Jackson, TN 38301. Interns will work on projects that benefit WTREC and are supervised by the professional staff. The normal work week is Monday through Friday, with hours ranging from 7:00 a.m. to 5:00 p.m., but paid overtime in May, June and early July is often necessary and required.

## Qualifications

Applicants need to have completed some course work or have acquired practical experience in horticulture or a related field. Basic gardening, interest in ornamental plants, and the ability to work independently and as a team are highly important. The ability to use common sense and make sound decisions without micromanagement is crucial. A valid driver license is required. Applicants may be subject to drug testing and background check.

## Duties & Working Conditions

Interns will be responsible for the standard duties of working in a public garden. Examples include assisting in all aspects of garden maintenance and development, including greenhouse work, nursery management, propagation, tilling, pruning, planting, watering, mulching, weeding, and pest management. Internships involve heavy lifting and exposure to heat, humidity, and potential allergens. Students are required to maintain a professional appearance and at times must work directly with the public in a respectful and mature manner. In addition to these duties, there is an opportunity for an intern who is interested in Cut Flower Production to aid with a UT Extension research project related to the management of field grown cut flowers in TN. Tasks include weeding, watering, fertilizing, harvesting, measurement and data collection.

## Compensation

Compensation for the summer internships ranges from \$12.00 to \$13.00/hour depending upon qualifications and experience. On-site housing may be available. College credit with the institution they attend is encouraged and may be arranged by the student. Interns may have the opportunity to attend an out of state horticultural related conference in July or early August with travel expenses reimbursed as well as other industry related opportunities.
